## CHANGE IN TRAIN SERVICE

The Canadian National train service will undergo a considerable change in the week commencing Sunday May 3rd, when the first trains on the new schedule will leave Winnipeg and Edmonton respectively. The time table reads:-

No. 3.

Leaves Winnipeg .... 2.30 p.m.

Leaves Saskatoon .... 7.50 a.m.

**Chauvin ... 1.48 p.m.**

Arrives Edmonton .... 8.25 p.m.

(First train from Chauvin, Monday, May 4th).

NO. 4.

Leaves Edmonton .... 8.50 a.m.

**Chauvin ... 2.56 p.m.**

Arrives Saskatoon .... 9.15 p.m.

Arrives Winnipeg .... 3.50 p.m.

(First train from Chauvin, Sunday, May 3rd)

The equipment of these trains between Winnipeg and Edmonton provide a dining car and a sleeping car. This train will also carry the mail service.

## WESTMINSTER CHURCH

### DECIDES NOT TO ENTER

### NEW UNION CHURCH

A special meeting of the congregation of the Westminster Church, Chauvin was held at the conclusion of divine worship Sunday, April 26th. The purpose of the meeting being to take a ballot as required in the matter of the new United Church of Canada.

Mr. D. W. Parcels having been elected chairman of the meeting, occupied the chair; and Mr. O. Hawthorn acted as secretary with Messrs C. C. McKechnie and A. E. Scott as scrutineers.

A brief outline of the legal points was given by Rev. P. F. McSween, who also explained the ballot papers and methods of voting as required by their provincial and federal acts.

The voting, under the requirements of the provincial act proved unanimously in favor of the Westminster Church remaining outside the new United Church of Canada.

Under the requirements of the federal act the ballot has to remain open one hour daily for fourteen days, and persons entitled to vote may do so in this period between three and four o'clock in the afternoon on application to Mr. O. Hawthorn at the Railway Depot.

## WESTMINSTER CHURCH CHAUVIN

Sunday, May 3rd. 1925

S. S. Chauvin ..... 11 a.m.  
Edinglassie Service .... 11 a.m.  
Killarney Service .... 3.30 p.m.  
Chauvin Service .... 7.30 p.m.

Everybody is cordially invited to these services.

## DOBBIN ON SNOWSHOES IN ROCKIES

It looks funny and it sounds even funnier, but after all why not? It is bad enough to carry 140 pounds on two feet in deep snow. Figure for yourself what it would be like to quintuple the poundage even though it is distributed over double the human allowance of footage.

This genial idea was put into practice by Walter J. Nixon member of the Council of the Trail Riders of the Canadian Rockies and it was found to work out quite well. In the particular instance shown in the cuts, the task was to break the trail through deep snows to the Phoenix mine in British Columbia and this onerous task would have been impossible without some such device as the one depicted.

The idea of the Trail Riders Order came into being one rainy day last summer on a bed of white heather under a tent in the Canadian Rockies about 7,000 feet above sea level. There were present or nearby about 28 saddle or pack horses and 14 trail riders who had ridden or fished along the Kootenay from the Crossing to the river's unmapped source in Warfield Basin and had landed on the plateau beside Tumbling Glacier at the head of the Wolverine Pass. It was there and then decided to form the Order and buttons were awarded to those who had travelled distances on the trail from 2,500 miles down to as low as fifty miles. Among the

Taking heavy load to Phoenix Mines. Inset, Horse on snowshoes. Right Top, Country that Trail Riders Traverse.

2,500 mile button holders is Mr. Nixon.

The first Pow-Wow of the Order was held last summer in the Yoho Valley and with the co-operation of the Canadian Pacific Railway accommodation at the Bungalow Camp at Takakkaw Falls was supplemented with twenty Indian tipis and a large circular tent decorated as a Sun Dance Lodge. It was expected that 150 people would be present, but actually no fewer than 207 were counted at the inauguration. It was at this function that the bronze plaque of Tom Wilson, one of the outstanding old-time guides of the Canadian Rockies, was unveiled.

The next Pow-Wow will it is stated take place early in August of this year beside Wapta Bungalow Camp

after a three day (45 mile) cross-country ride from Marble Canyon on the Banff-Windermere Road. The trail to be used calls at the Vermilion Paint Pots, climbs up Tumbling Creek to the Wolverine Plateau where it connects with a new trail over the High Alps east of Helmit and Goodsir, and after dropping down to Goodsir Creek rises again alongside McArthur Pass to Lake O'Hara and so to Wapta. This route traverses some of the most spectacular scenery in the world.

Membership in the Order of the Trail Riders of the Canadian Rockies has increased greatly in the first year of its formation. At the August Pow-Wow there should be nearer a thousand than the 200 odd participants in the function last year.

## M. D. MERTON COUNCIL MEETING MINUTES

Minutes of the second regular meeting of the council of the Municipal District of Merton, No. 451 held in the Winona school on Saturday April 4th at noon; when the reeve and all councillors were present.

The minutes of the previous meeting were read and confirmed on the motion of Cllr Bennett.

Stock Rangers: The following appointments of stock rangers in the municipal district were confirmed by the council:-

Division 1: Gus Johnson, Dina P.O.

Division 2: J. L. Smith; Prospect Valley P.O.,

Division 3: J. J. McLeod; Paradise Valley P.O.,

(Continued on page six)

## NOTICE

The Annual meeting of the Chauvin Athletic Association will be held in A. E. Keith's office at 8 p.m. on Friday, April 1st.

W. J. Cubitt, Secretary

## COAL COMMISSION STARTS SITTINGS

Following the obtaining of a mass of documentary evidence the Alberta Coal Commission will commence the holding of sittings as follows: Edmonton, May 5 to 8; Calgary, May 11 to 13; Drumheller, May 14 and 15; Lethbridge, May 18 to 20; Blairmore, May 21 to 23.

1 lb boxes of Neilson's Chocolates "Shop in Shovin" price. 35c per box. Chauvin Pharmacy

## CHAUVIN AGRIC. SOC. DIRECTORS MEETING

The directors of the Chauvin Agricultural Society met in A. E. Keith's office Saturday, April 4th. President Dr. Folkins in the chair.

Minutes: Minutes of the previous meeting read and confirmed on motion of C. W. Ryall and E. A. Pitman.

Noxious Weeds: Moved E. A. Pitman—W. Petrie that Mr. Keith and the Secretary be a committee to interview Mr. McKechnie in regard to the shield for individual collections for noxious weeds.

Score Cards: Secretary was instructed to write to the Department for score cards for sheaf grain.

Village Council: Mr. Pitman (Continued on page six)

## SAVING ON ALBERTA BONDS

A direct saving of \$36,000 a year in interest charges on the recent issue of Alberta bonds amounting to \$3,740,000 has been effected as a result of the lower rate of interest the bonds carry as compared with their first issue ten years ago. The first issue was made in 1915 at a time when the interest rates were high. The issue was made for ten years at a yield of 5.96 per cent. per annum. The refunding issue was made last week at a rate of 5.06, for 25 years making a net saving of .90 per cent. or about \$36,000 a year. The successful tenderers are distributing, in connection with the placing of the bonds on the market, some 500 copies of the charts of progress recently issued by the Publicity Branch, showing the progress of the province in various lines of production in the past twenty years.

## BEE KEEPING IN HAUVIN DISTRICT PROVING SUCCESSFUL

The adaptability of the Chauvin district for keeping bees has been satisfactorily proven during the past twelve months. Mr. John Duncan reports that his have come through the winter in good shape and condition and are now busily flying around.

Mr. Dan Meurin also reports his bees as having come through the winter in a most satisfactory manner, and that they have still a sufficient reserve of food in their hives to carry them over. In fact, he says, the bees refuse proffered food. He recommends, however, that persons intending to go in for bee keeping provide for same by planting some sweet clover, which not only feeds the bees but makes the best honey.

So satisfied is Mr. Dan Meurin with the results obtained that he has purchased ten more hives of bees; whilst his brother Oscar Meurin has added seven hives of bees. The bees arriving Monday last per mail.

Would you willingly throw away your money? No! Then deal at Saker's and save more.

Gophers, at reduced prices, for sale at the Chauvin Pharmacy

## FRAM SCHOOL DISTRICT NO. 3466

### TENDERS

TENDERS will be received by the secretary of the Fram School District No. 3466 up to May 16th 1925 for building a fence around the two acre school lot. The district furnishes all material. For further information see Secretary. Lowest tender not necessarily accepted.

BOOK ON CITIZENSHIP

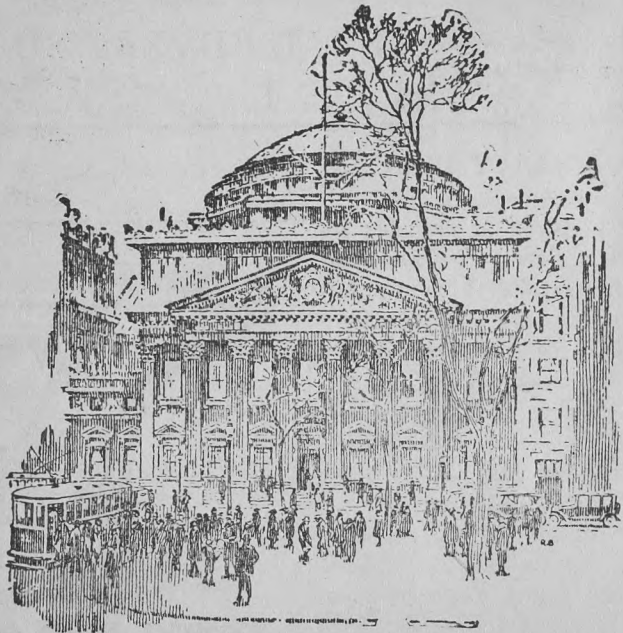

The book "Studies in Citizenship" commenced by the late James McCraig of the Provincial Government, before his death, has now been completed by G. W. Gorman of the Education Department, and others, and will be put into use in grades 6, 7, and 8, in the Alberta Schools.

INCREASE IN FORAGE CHOPS

Last year there was an increase of thirty per cent in the acreage planted to forage crops in Manitoba, and the sales of seed made from the forage seed cars, which were operated over Canadian National lines in that province this spring indicate that there will be a further substantial increase this season. The cars made 38 stops and there was a total attendance of 3,416, while 467 farmers purchased seed to an aggregate value of \$4,811.69. The cars that were operated over Saskatchewan lines made 33 stops and seed sales amount to a total of \$3,139.88.

TO ASSIST JUDGE AND MARK JUDGE'S BOOK in Domestic Manufactures, Ladies and Children's Work Classes: Mrs. D. W. Parcels and Mrs. L. D'Albertanson

ALBERTA POOL NOTES

The total of 558 contracts have been already signed up by dairymen of the province, with the dairy pool.

The total of 1008 contracts have been signed up with the live stock pool.

A total of 359 contracts, representing the production of 24,102 hens, have been signed up with the poultry pool.

This is the status of organization at the present date of the new provincial co-operative marketing pools, now in the process of formation, and for which a concentrated drive for membership will be undertaken during the three weeks from June 8, to 28, next.

The objective of the dairy pool is 33 1-3 per cent of the total milk and cream marketed in the province in the year 1923, based on figures of the Dominion Department of Agriculture.

The objective of the livestock pool is a marketing minimum of 2500 cars of livestock based on 25 head of cattle per car, 80 head of hogs per car and 100 head of sheep per car.

The objective of the poultry pool is 1,500,000 dozen eggs. The contracts signed to date cover a production of approximately 144,000 dozen or about 10 per

cent of the objective.

This indicates satisfactory preliminary progress in the formation of the new pools, which will seek to market on a co-operative basis a large proportion of the province. The severe winter weather and the road conditions made organization work difficult during the winter months, but the fact that signed contracts for all of the pools are coming in daily indicates the spirit behind their movement, and the directors of the pools anticipate no difficulty in attaining the balance of their several objectives during the three weeks of the concentrated drive for membership from June 8, to 28.

A brief summary of the manner of organization and method of each pool will be interesting.

Cold water is the best of drinks

EDITORIAL COMMENT

According to reports the sessions at Ottawa is pusing a long weary grind off speeches with an absolute minimum of business performed. There is an evident desire of a large number of members to speak on the budget and an equally evident desire of members to escape listening to them. A lot of time could be saved by the simple expedient of allowing members to hand in their typewritten speeches and have them printed in Hansard without the necessity of delivering them to the House. This would allow the House more time for real business, whilst for campaigning purposes the members could circulate their speeches through their constituencies.

The budget, as it appears to us, is neither fish, flesh, fowl or good red herring. It is unsatisfactory alike to both the high and low tariff parties, and appears to be conceived with a vague hope that somehow or other the country will be able to pay its way for another year.

The Chauvin Athletic Association has throughout its sixteen years of history very thoroughly justified its existence and done much useful work on the behalf of the sports of the district. As a result of their efforts Chauvin Sports Day has ever been considered an event well worth attendance. The society is holding its annual meeting on Friday and we trust that all the men of Chauvin will make an effort to be present with the object of making a good start with the 1925 program.

With plenty of moisture in the soil the crop season opens full of promise. It is doubtful whether there will be any increase in the number of acres cropped this season, but there is no doubt that never before has there been such good work done in preparation of the seed bed, which has since received a bountiful supply of moisture. It is, obviously far too early to make any forecast as to the probability of a good crop, so many vicissitudes are possible before the grain is ultimately put in the granary, but we can safely say we are off with an excellent start.

As a sure cure for pessimism it is only necessary to think of our early settlers, the pioneers of the country. They came here when the country was unknown; when there were no roads, churches or schools, and many other conveniences were lacking which are now commonplaces. They came when there were no markets for the produce raised, and when the prices realized were not enough to pay for hauling to market. The country was in the nature of an experiment and if ever there was reason to be a pessimist, the pioneer had it. Had they given up the and discarded the plow, and let the farms go back to prairie and weeds, Alberta would not have become the great agricultural country that it is today. The country owes much to those early settlers, and the same hardy spirit which caused them to overcome difficulties is required today to restore confidence in this, the best province in the dominion—The Camrose Canadian.

BLUE SKIES—EVERYWHERE

Sometimes our minds are fretted out with troubles that don't come! We dread the storms which don't arise—the tempests which are dumb. We look for all the bitterness in every fruit that grows; While every faded bit of cloth in life's great vesture shows—Let's pluck up courage—sing a bit—and wipe our eyes and say, "The skies are blue and glorious above the clouds of grey!"

Sometimes there falls upon the road a shadow black with fears; An enemy seems stalking us with failure and with tears!! And you and I would "cut him dead"; but he—he whispers low, "You must just walk a mile or two along the track I go!" Let's shoulder up our drab-hued pack and walk high-head and say, "The sun is breaking—skies are bright—beyond the bank of grey!"

There's such a lot of roses strewn around us everywhere If only we would look for them with happy vision clear—The joy-birds carol in the trees! The breezes swing their scent!! And all the world's a dear old world if we are heart-content. So put your brightest wits to work and, as you're striding on, You'll find blue skies and sun a-shine—the clouds will all be gone!

There are men who will waste three hundred dollars or more per year by bad farm management and yet complain that thirty dollars worth of taxation is driving them off the land.

Most of us consider we have been stung quite often. Why not keep bees and get stung profitably?

Don't let the cutworms grow hungry. Plant a garden. And by the way, if you need it, the local druggist has some grasshopper ointment.

I had the luck to behold a statue of the Prince of Wales made of Canadian butter, and it filled me with regret that the majority of London monuments are not also made of butter—M. Karel Capek

RIGHTO!

An exchange says that the man who could run a newspaper to suit everybody went to heaven and joined the orchestra long ago.

Henry is absent-minded. One day he ran against a cow. He raised his hat and said: "I beg your pardon, madam."

Soon after he stumbled against a young woman. Without looking up, he said: "Is that you again, you brute?"

"She has the fatal gift of beauty."

"What makes you think so?"

"Such glorious hair and complexion."

"Oh, they're not gifts. I was with her when she bought them."

Mrs. Rufus White having joined the church choir, Rufus was obliged to put up with her practising morning, noon, and night. "Does yo' enjoy yo' wife's singin'?" he was asked one day. "Oh, yas," he answered, dutifully, "but," he added, "it ain't becaze Ah pa'tie'ly likes to."

IN A HEAVY SEA

Taking pictures at sea has its drawbacks. Percy Hilburn and Robert Frazer went to Newfoundland to shoot the storm scenes for Reginald Barker's new Metro Picture "Women Who Give," which is coming to Chauvin on Monday May 4th and to Edgerton on Tuesday May 5th. They hired a fishing schooner and set out to sea in an 80 mile-an-hour gale. The waves ran 90 feet high and seemed ready to gobble up the little fishing schooner with every swell. Lashed to the mast with his camera fastened to the deck in front of him, Percy Hilburn the cameraman, ground away in the raging storm while the infuriated elements ran their course.

Doctor: "Ever had any trouble with dyspepsia?"

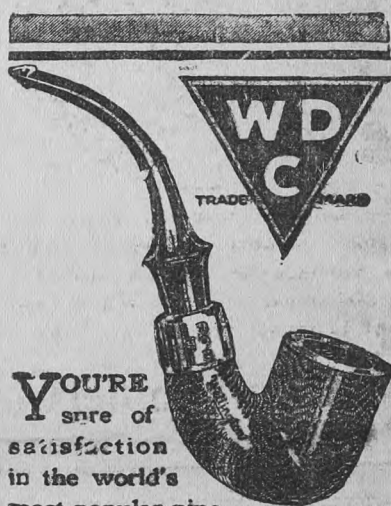

Patient: "Only when I try to spell it."

Sharp: "I saw an example of what I call regular hard lines this morning."

Flatt: "Indeed, old man; Well what was it?"

Sharp: "Railway Lines."

It's no secret that is known to three.

### HOMESTEADS DECREASE

During January and February of this year 440 free grant homesteads were taken up in Manitoba Saskatchewan, Alberta and British Columbia, a few less than the record for the same period last year. The official report shows that 217 were taken up in Saskatchewan and 140 in Alberta. In the same period 87 soldier grants were taken up, these, with the homesteads, representing approximately 84,320 acres.

There are now 4,822 miles of railway in Alberta, of which 2,776 are publicly owned. The Canadian National Railways have 1,974 in operation.

H. N. FREEMAN, CHAUVIN

### CANADIAN NATIONAL PROMOTES RESOURCES

SINCE its organization, the colonization and development department of the Canadian National Railways has given attention to the development of the natural resources of the territory traversed by Canadian National lines; and, in order to give greater effect to the activities of this branch of the department, it has been decided to place a representative in charge in the western region, whose chief duty will be to gather information and promote further the development of these resources, more especially in the provinces of British Columbia and Alberta. In this way, the facts obtained can be brought to the attention of those interested, with capital.

The office for this district will be at Edmonton, in charge of R. C. W. Lett, now General Agent, Colonization and Development Department, Canadian National Railways, who is well fitted for the work, having had considerable experience in connection with mining and lumbering, and during the past few years has made a very close study of the natural resources of British Columbia and Alberta.

### SCOTT EXPERIMENTAL STATION FARM NOTES

#### Varieties of Oats

The average yields for ten years for the three leading varieties of oats grown at the Scott station on summerfallow are as follows:

Banner 66.4 bushels per acre  
Victory 65.9 bushels per acre  
Gold Rain 65.4 bushels per acre

Another variety which has been tested here but three years is known as Gerloch and gives excellent yields. This variety was obtained from the University of Saskatchewan.

The common varieties require about 110 days to mature. Some varieties have been tested at Scott which mature ten to twenty days earlier but the yield has been too light to warrant recommending them for general use.

A hullless variety known as Liberty has been tested for three years and has ripened about ten to fifteen days earlier than Banner and the yield has been about sixty per cent of the Banner. The hullless oats are often used for feeding young calves, pigs or poultry, but for general feeding of live stock the common oats are the standard.

### SCOTT EXPERIMENTAL STATION FARM NOTES

#### Varieties of Barley

A four year average yield of varieties of barley grown on summerfallow at Scott are as follows

Barks Excelsior, 31.4 bushels per acre  
Himalayan (hullless) 28.9 bus.  
Duckbill 28.1 bushels per acre  
O. A. C. 27.9 bushels per acre  
Chinese 25.3 bushels per acre

The Himalayan is from 25 to 35 days earlier than these other varieties requiring only about 95 days to mature.

The Hennehen Sask. 299 was grown for the first time in 1924 and yielded five bushels more than Barks's Excelsior and ripened in 123 days, nine days earlier than the other variety.

### MAY MAKE PAPER OUT OF STRAW

Alberta investigation which has been made by the Provincial Government during the past year or more in the possibility of manufacturing newsprint and other classes of paper out of straw, have proceeded to the stage where Premier Greenfield has decided to have an expert visit the province to go fully into the matter. Tests made for the province in eastern laboratories have proven so successful that it is deemed advisable to have a visit from an expert. It is estimated that a plant which would handle 25 tons per day of the coarser products would cost \$200,000, and it is hoped to interest capital in the project.

Look to your feet.—Saker's have a fine range of shoes.

He's a man who will deliberately walk between a woman and a milliner's window.

A soft answer may not always turn away wrath, but it saves a lot of time.

### ALBERTA COAL GOING TO ONTARIO

The initial shipment of 25,000 tons of Alberta coal to Ontario points, under the arrangements arrived at between the Alberta government, Dominion Government and Canadian National Railways, will be commenced shortly, following the return of Trade Commissioner Howard Stutchbury from the East. An arrangement has been made between the Alberta Government and the C.N.R., whereby the initial shipment of 25,000 tons will be made to prove the freight rate at which the coal can be carried. The Dominion Government has agreed to bear the difference between a \$7 a ton rate and the actual cost of carrying the coal, provided there is a difference. The costs will be checked by an expert in behalf of the Provincial Government and W. P. Hinton, former Vice-President of the Grand Trunk Pacific Railway in charge of traffic, will do this work. The C. N. R. has agreed to carry the coal at actual out-of-pocket operating costs. Orders have been received for more than 200,000 tons from Ontario, and if the arrangement works out satisfactorily to all concerned, there will be considerable market for the Alberta product. The trial shipment will include coal from Drumheller, Clover Bar, Pembina, Wabamun Three Hills, Saunders Creek.

A new shipment of genuine Parker fountain pens—a real pen—Toronto prices. The Chauvin Pharmacy.

### PREMIER GOES TO OTTAWA

Premier Greenfield left this week for Ottawa where he will be in conference in connection with the natural resources, the Peace River Railway situation, and other matters.

### ALBERTA TO BE REPRESENTED

Alberta women will be represented at the International Council of Women to be held in Washington, D.C., shortly, by Hon. Mrs. Parlyby, Minister without Portfolio in the Alberta Government, and by Mrs. R. B. Gunn, President of the United Farm Women of Alberta. Mrs. Parlyby will take part in the discussion which is to be held on the community property bill which she introduced into the Alberta House, and which was held in abeyance until a later session in order that all opinions and views might be obtained upon it. The Act definitely establishes community property rights as between husband and wife.

The store of honest values—Saker's.

Visitor: "This isn't a very good picture of your little brother."

Peggy: "No, but he isn't a very good little boy."

"How do you get on with Dick?"

"Oh, swimmingly! I go my way and he goes my way, too."

## Farm Machinery

**CULTIVATORS:** McCormick-Deering for all crops. One and two row, riding and walking, disk and surface cultivators. All varieties of shovels and beams. Also Lister Cultivators

**THREE FURROW GANG PLOWS:** The popular features of the P. & O. Two-furrow Diamond Gang Plow has resulted in a demand for a larger plow of the same design. The P. & O. Three Furrow Plow is easy to operate, powerful foot high-lift, automatic rear wheel control and light draft

**CREAM SEPARATORS:** McCormick-Deering Primrose, hand or power operated. Capacities 350, 450, 650, and 1000 lbs. Turns one-third easier than plain bearing machines

**TIRES & ACCESSORIES** Our Stock is Complete. The recognized Standard Goods only. No inferior substitutes offered.

**ACETYLENE WELDING** All Work Guaranteed. Prompt Delivery of Finished Work. Moderate Charges.

**Parcels & Harris,** Phone 11 Chauvin

### M. D. MERTON COUNCIL

#### MEETING MINUTES

(Continued from Page One)

Division 4: Arthur Clarke; McDonaldville.

Division 5: W. Aitken; Paradise Valley,

Division 6: Jack Jacobs; Rivercourse P. O.

Statements of animals impounded and sold in the pounds of divisions two, three and five were read.

Mr. O. Assen of S. W. 28: 45: 3: with was appointed Fire ranger in place of the late Mr. H. B. Thomas.

In connection with a letter from Gilt Edge M. D., relative to a claim of refund of money paid on account of Irma Vieweger: secretary was instructed to reply stating that this council could not be held responsible for the expense incurred.

A letter was read from Mrs H. Bingham in connection with an account for nursing A. Larsen: secretary was instructed to reply advsing that this matter was outside the jurisdiction of the council.

In the matter of the complaint of overcrowding in the Campbell house; secretary reported that he had taken action in this matter and that the relatives of Mr. Campbell had been moved into another house.

A letter was read from The Hudson Bay Co: relative to the

new assessment; secretary was instructed to reply had in no way discriminated against this company in connection with their assessment.

Mr. T. McLaughlin addressed the council relative to the expense incurred in Lloydminster when his children were quarantined while attending school in town. Secretary was instructed to write to the Department of Public Health, giving details of the case, and asking for a ruling as to the council's liability in the matter.

A by-law for the inflicting of fines and penalties for the infraction of any by-law or by-aws of the municipa district was drafted and given three readings by the unanimous consent of the council; and passed subject to the approval of the Minister of Municipal Affairs.

Accounts amounting to \$142.35 were submitted to council and ased for payment on motion of Mr Bennett.

The date of next meeing was fixed for Saturday May 2nd in Winona school, and council then adjourned.

### CHAUVIN AGRIC. SOC.

#### DIRECTORS MEETING

(Continued from Page One)

reported that the Village Council had a meeting lately but was led to believe that they would assist in the planting off trees on the grounds.

Printing Prize Lists: Moved J. Tooth—A. E. Keith that the matter of printing the Prize List be left with the committee. Carried. Secretary was instructed to write to the Department re Get-of Bull competition.

Boys and Girls Judging Competition: The following committee was appointed to arrange for a Boys' and Girls' Judging competition to be held at the Fall Fair: N. Strachan; Mrs. Armour; A. E. Keith.

Committees re Grants, Donations; Advts. Moved P. Perry—J. Tooth that the Pres. and Vice-Pres. appoint three committees—one to interview the Village Council, re Grant; one to nterview the Municipal Council and one to solicit advertisements and donations in the village. The committees are as follows. First Mr. Petrie, Geo. McEwen, Wm. Cubitt; Second: J. Tooth, C. W. Ryall, A. E. Keith; Third: E. A. Pitman, N. Strachan, Mrs Armour, Mrs Folkins, Mrs Tooth

The directors as a whole, formed a committee to solicit donations, members, Special prizes from the farmers.

Moved E. A. Pitman—J. Tooth that rent for pasture this year be 10 cents per day or \$2.00 per month. Carried.

The following were present: Pers. Dr. Folkins; L. Fahner, Mrs. Folkins, E. A. Pitman, J. Tooth, C. W. Ryall, Wm. Petrie, A. E. Keith, P. H. Perry,

### CHANGE OF DATE

There will be no regular meeting of the directors of the Chauvin Agricultural Society on Saturday May 2nd, but a meeting will be held the 3rd Saturday in May—the 16th.

Put your best foot forward when you go into a store to try on a new pair of boots

### CANNED MEATS MUST BE PREPARED THREE MONTHS TO WIN PRIZE AT FAIR

The ladies of the district are requested to take notice that entries of canned meats at the Chauvin Fair this August are required to holve been prepared at least three months prior to theh date of the Fair.

Full particulars of the prizes offered for Domestic- Manufacturers are given in another column of this issue. It would be a good idea to save this list for future reference.

Have you cleaned up the farm?

They were sitting in the barracks swapping yarns.

"Ever hear this one?" asked one of the group. "A dog was tied to a rope fourteen feet long. Twenty feet away was a fat juicy bone. How did the dog get to the bone?"

"Oh, that's old stuff," answered one of the Marines. "You want some bird to say 'I give it up,' and you'll say, 'That's what the other dog did,'"

"No, you're wrong, for the dog got the bone."

"Well, how did he get it?"

"Why, the other end of the rope wasn't tied."

READ OUR WANT ADS

Here and There

Agents specializing in Irish business in Canada and the United States look for a big boom in steamship passenger traffic, according to reports received from steamship companies. The present outlook is said to be for the highest level of emigration to Canada since the war.

Sir William S. Glyn-Jones, Secretary of the British Pharmaceutical Society, is touring Canada under the auspices of the Canadian Pharmaceutical Association with a view to explaining the workings of the Proprietary Articles Trade Association of Great Britain. He is opposed to "cut-rate" methods of selling drugs.

With 3,600,000 milch cows, 300,000 dairy farmers, 1,500 creameries and many thousand cheese factories, Canadians are the greatest butter eaters in the world with an annual average per capita consumption in 1923 of 27.43 pounds, according to D'Arcy Scott, secretary and treasurer of the National Dairy Council of Canada.

The shield taken from the gates of Quebec City when the Ancient Capital was taken in 1759 and which was donated to the City of Hastings by one of the conquerors, General Murray, will be returned to Quebec after an interval of 165 years. Lord Willingdon, First Viscount Raton, will be the special emissary who will bring the Shield back to Canada.

Salmon-fishing in the Eastern Townships of Quebec will be one of the attractions of that region when the Gaspé salmon eggs brought to the provincial government hatcheries at Lake Memphremagog are developed. A number of trays packed in ice and holding some thousands of eggs recently passed through the Canadian Pacific Railway warehouse on the Montreal Windsor Station for St. Paulin and Mont Tremblant.

Miss P. Carlisle, an English authoress of repute, who recently took up ranching near Calgary, has become so enthusiastic about the West that she is planning to bring out girls from the Old Country to follow her example. She found plenty of them willing to try out this plan. She herself harvested 7,000 bushels last year from the 250 acres under wheat on her 800 acre ranch.

By winning the New Brunswick Provincial Trophy Competition of the St. John Ambulance Association in March last the Canadian Pacific Railway First Aid team from McAdam, N.B., now have a chance to compete this year for the Montizambert Trophy emblematic of the championship of Canada in First Aid. The team has a record of four championships to their credit since last June.

At a recent meeting of the Royal Society of Canada a gold medal for outstanding achievement in science was awarded to Charles Saunderson for his discovery and development of "Marquis" wheat. It is claimed that this variety has raised the Dominion to its present position as a wheat-growing country and has added millions of dollars to the pockets of farmers here and in the United States.

Exiled from Hungary of which he had been president, after the Communist revolution of 1919, Count Michael Karolyi toured the United States in March and April but was forbidden to address meetings or explain his political views in that country. He returned to London where he now lives, with Countess Karolyi, passing through Montreal and sailing on the Canadian Pacific S.S. "Montclare" from St. John. Interviewed in Montreal he expressed a great admiration for Canada and said he had once been on the point of settling either in Montreal or Toronto.

BULL CREEK SCHOOL BASKET SOCIAL

A very pleasant time was spent at the basket social held in Bull Creek school, Friday April 17th. The dance started at nine o'clock and supper was served at midnight following the sale of baskets.

Baskets were sold up to \$4.50, which brought in a fine sum for buying games for the children.

Among those present were the Misses Heather and Claire Richardson, sisters of the Bull Creek school teacher.

Some people had bad luck in locating the school and they got lost in the hills by Mr Knox's, but through the aid of a flashlight they reached the school.

During the dance at about 2 a.m. it started to rain, although the rain kept pouring down, nobody left until the last moonlight dance was over.

INDICATIVE OF PROSPERITY

The first quarter of 1924 has brought a total of \$1,948,238 into the provincial treasury through the purchase of savings certificates. buyings for a similar period since the savings certificates plan was instituted. To date, there are 4,702 investors in these savings certificates, of which 4,373 are Alberta investors. From the United States there are 92 investors, while British Columbia has provided 106.

GOOD SUGAR BEETS ACREAGE PLANTED

Well over 6,000 acres have been prepared for the growing of sugar beets in the area tributary to the new beet sugar factory which is being erected at Raymond. Work is now being started on the factory which will be rushed to completion.

LOCAL HAPPENINGS

Do not forget that the train service changes next week.

The attention of Chauvin men is called to the annual meeting of the Chauvin Athletic Association next Friday Evening. It is hoped that there will be a large number present, and that a good start will be made for this season's business.

Mr. G. M. Beattie is opening an ice cream parlor on Main St. in the next building to the Killarney hotel.

Sell that Beef Hide to Parcels and Foxwell.

The next meeting of the Merton council will be held at Winona school, Saturday May 2nd.

The next meeting of the Ribstone council will be held Saturday May 23rd at Chauvin.

The Dina U. F. A. membership is now the highest on record for that local: they have an enrolment of thirty-five.

Mr and Mrs W. Johnstone entertained a party of friends and relatives at their home on Wednesday 15th. when a most enjoyable evening was spent.

How is your stock of stationery? We do printing of letterheads, statements, envelopes etc Take stock of your needs and we will be pleased to quote you prices on anything you may need in this line.

The Chauvin Chronicle

An Irishman carries his heart in his hand.

Mrs. A. E. Keith has been indisposed during the past week.

The Chauvin council has made a good start this year by filling in the weak spots of Second Ave opposite the livery barns.

Rev. P. F. McSween returned from a visit to his home at Opal, Alberta, last Saturday. He reports having had a pleasant visit.

Mrs. A. Herbert has been indisposed during the past few days.

Councillor Herbert is busy these days, he has been supervising the laying of cinders at the intersection of Main Street and Second Avenue; using the spade himself.

The local postmaster has found a new joy in life. Last Monday's mail included seventeen large parcels of live bees.

Big Ben Radiolite Alarm clocks—see the time in the dark, and keeps correct time both day and night. The Chauvin Pharmacy.

Welcome snow and ran fell last week end in this district. There is plenty of moisture in the soil now.

Saker has saved you quite a few dollars. Fear not the other fellow but help yourself some more by dealing at Saker's.

Romeo Cote has bought the half section of the Godin Bros' farm.

Sam Burtch is leaving the country in two covered wagon B.C. The distance is supposed to be near 900 mles from Chauvin

Four pounds of jam for 55c. at Saker's.

Exports of Canadian butter to Germany during the past few months have shown a large increase, and heavy shipments are still going forward.

WHAT IS A TON?

People sometimes talk about ships "weighing" so many tons, with the mistaken idea that a ton of ship is much the same as a ton of coal

A ship's tonnage has nothing to do with tons of weight.

Henry VII. introduced the Navigation Act, the first of its kind, by which he prohibited the importation into England of Bordeaux wine in any vessels except those owned by his lieges.

There was much trade in those days between England and Bordeaux, which had once been an English possession, and wine was the principal commodity carried. It came in huge barrels called tuns.

Ever since then English ships have been measured by tonnage—or, as we now call it, tonnage—capacity, that is to say the number of barrels of Bordeaux wine which they could store in their holds. The unit has been adopted by all the navies and the merchant fleets of the world, and represents measurement, not weight

"I'd like to take out some fire insurance."

"What on."

"On myself. I've just given the boss a piece of my mind."
